# Intentional Discipleship Training

*"IDT has been a transformative journey for my inner life, instilling discipline into my daily spiritual walk with God through an immersive reading of His word. The weekly Discipleship Group fellowship with these wonderful sisters-in-Christ was invaluable, a journeying together. The Roots and Wings module was fundamental in awakening my restless soul. Overall, the 18-month journey has helped me rethink much about life. I walked it seeking God and graduated with a heart full. It is indeed a humbling journey and I will strongly encourage anyone – no matter how long or short you've been a Christian – to consider embarking on this IDT journey."*

**PW, IDT Batch 15 Graduate (2019)**

*"It is not just a discipleship training, but an intentional one, based on the Disciplemaking Core Curriculum, which gives us a powerful and effective foundation in biblical discipling. There were practical benefits, e.g. devotional journaling, from which I benefitted the most because it instilled in me a continual journey with God daily. Last but not least, these 18 months have been a great learning experience with my Discipleship Group members, sharing our ups and downs, encouraging one another. I give all glory to God, who enables all things and watches over us."*

**EK, IDT Batch 15 Graduate (2019)**

### *Why IDT?*
